Introduction to Anees Classes

Anees Classes has been the Education Service Provider to thousands of students for over 30+ years. Having catered to the needs of hundreds of students, Anees classes has left a visible mark in the field of education by preparing over 550+ students for India's premier defence institute, the National Defence Academy in Pune.

Apart from providing quality education with the help of stalwarts in the field of education, we have also ensured that the students feel at home with us. Staying and studying in a city different from their own hometown can sometimes be an overwhelming experience. We ensure that every student's need is catered to individually and collectively. This is why we provide hostel facilities and excellent food to all our students. A healthy student is a productive student!

In an era of cut throat competition we believe in preparing students with a healthy and sharp personality especially for the Defence Forces. We believe our students are our best testimonials; their happiness is our motto and their success, our goal!

AIM

The Aim of Anees Classes is to prepare the Cadets to appear for the competitive UPSC (NDA) Examinations, SSB Interview and to build physical and mental abilities which are a must for an officer in defence services.

Our Vision and Mission!

Our vision is to create a fundamentally strong and level headed personality of the students and also to eliminate mathematics phobia.

Our Methodology!

Understand the student. Create a teacher – student rapport where the student is at ease with the new environment. Work as a team.

Values!

Knowledge knocks on the door of Action. If it receives a Reply, It Stays, Otherwise it departs. Help a child to choose his/her path and teach them to continue walking while crossing the hurdles that come along. And when he grows older he will find his way to reach his goal successfully.

MOITRISH SINHA

Recommended For NDA in 2019 Attempt

A great place for Qualitative as well as quantitative knowledge, my journey from knowing nothing to being a part of NDA begins From Anees Classes. I haven't seen any classes where the teachers sit with each student from dusk to dawn and even beyond midnight. Before joining Anees Classes I didn't like maths at all and my concepts in maths were not at all clear, I was in desperate need of a maths tutor who would help me clear my concepts in maths, that's how I got to know Anees Kutty sir. As soon As I joined Anees Classes I started loving Maths . Anees kutty sir's contribution to all this is unimaginable

ROHIT MORBALE

Recommended for NDA Sainik Satara school

Anees Class made me improve my studies, especially maths due to which the main hurdle of clearing written exam became easy. Anees Classes motivated me in concentrating on my weaker points. Anees kutty sir, personally made me do my studies, under his supervision. He motivated each student here personally and makes them study as per their caliber. Anees Kutty sir ensures that he gives personal attention to each student and conducts regular test series and mock tests packed with proper guidance and motivation; Sir is always available to solve our problems. For all defence aspirants I believe Anees Classes is the best place to go where you get everything you need under one roof

Best classes for NDA (Mathematics). Anees Bhaiyya teaches so effectively and informatively with fun, joy, humourously that the fear of Maths has vanished from my mind. His techniques are so good that you can even solve the toughest sums within seconds. His experience in teaching helped me a lot. I have gained a lot of knowledge from him. I have passed this exam and I give all the credit to Anees Bhaiyya. Thank you Bhaiyya for all your efforts.
